

COYOTE HOLLOW LOOP

WILDLIFE • EAST FORK OF THE SEVIER RIVER

1 Hour Ride • 20.1 Miles Long • 18 MPH Average Speed
Designed for both ATVs and UTVs

This trailhead is located just above Red Canyon on the south side of Highway 12. It starts where the Red Canyon Bicycle Trail ends - just off the highway. Allow about 1.25 hours to complete the 20.1 mile Coyote Hollow Loop.

While it is not on the edge of the Paunsaugunt Plateau, the route follows the East Fork of the Sevier River and winds through some very scenic areas with wildlife. Watch for deer, pronghorn, and small rodents. The route can get slick after a rainstorm and is often rutty.

Coyote Hollow Loop is designed for ATVs and UTVs.
